Interventional
Oncology

October 26th - 30th, 2020

Organizing Committee President

Abelardo Meneses García, MD

General Director

Instituto Nacional de Cancerología-México

Organizing Committee General Secretary

Eduardo E. Cervera Ceballos, MD

Education Director

Instituto Nacional de Cancerología-México

Associate Professor

Jorge Guerrero Ixtlahuac, MD

Interventional Radiology

Instituto Nacional de Cancerología

International Professor

Carlos Enrique Rojas Marín, MD

Interventional Radiology
Clinica SANNA/Sánchez Ferrer
Trujillo, Perú

Jorge Lopera, MD

Interventional Radiology
UTI Health Science Center,
San Antonio, Texas USA

Eduardo Eyheremendy, MD

Presidente del Colegio Argentino de Radiología Vascular
e intervencionista (CARVI)
Buenos Aires, Argentina

Luis Alberto Cruz Vasques, MD

Interventional Radiology
Instituto de estudios Cardiovasculares/
Universidad d Antioquia,Hospital San Vicente de Paul, Colombia

Hector Ferral, MD

Interventional Radiology
Clinica Radiology, Louisiana State Univirsity in New Orleans,
USA

International Professor

Constantino S. Peña, MD

Interventional Radiology
Miami Cardiac & Vascular Institute, USA

Rubén López, MD

Interventional Radiology
Hospital Cantonal de Lucerna, Suiza

Patricio Plavacino, MD

Interventional Radiology
Hospital Clínico de la Universidad de Chile, Chile

Tatiana Cabrera, MD

Interventional Radiology
McGill University Health Center,
Montreal, Canada

Tobías Zander, MD

Interventional Radiology
Centro de Diagnóstico y Terapéutico Endoluminal (CDYTE)
España

International Professor

Andres Garza-Berlanga, MD,

Interventional Radiology
UTI Health Science Center,
San Antonio, Texas USA

George M. Behrens, MD

Interventional Radiology
Chicago, IL, USA

Adrian J. González-Aguirre, MD

Interventional Radiology
Memorial Sloan Kettering Cancer Center
New York, USA

Yolanda Bryce, MD

Interventional Radiology
Memorial Sloan Kettering Cancer Center
New York, USA

Amgad M. Moussa, MD

Interventional Radiology
Memorial Sloan Kettering Cancer Center
New York, USA

International Professor

Mathieu Pierotty, MD

Interventional Radiology
McGill University Health Center,
Montreal, Canada

Juan Camacho, MD

Interventional Radiology
Memorial Sloan Kettering Cancer Center
New York, USA

Ernesto Santos, MD

Interventional Radiology
Memorial Sloan Kettering Cancer Center
New York, USA

Monday, 26th

08:00 -14:00	Live procedures and in Live porcine Training (limited space) Jorge Guerrero Ixtlahuac, MD
17:00 – 17:10	Welcoming remarks Jorge Guerrero Ixtlahuac, MD
Modulo 1	(LIVE) The University of Texas Health Science Center at San Antonio.
17:10 – 17:30	Advanced urinary reconstruction Jorge Lopera, MD
17:30 – 17:50	Liver trauma Jorge Lopera, MD
17:50 - 18:10	Interventional radiologist management of splenic trauma Andre Garza, MD
18:10 – 18-30	Radial accesses in peripheral interventionism Jorge Lopera, MD

Tuesday, 27th

Modulo 2	
Memorial Sloan Kettering Cancer Center New York	
08:00- 14:00	Live procedures and in Live porcine Training (limited Space) Jorge Guerrero Ixtlahuac, MD
17:00- 17:20	New challenges in the treatment of neuroendocrine tumors Adrián González, MD
17:20 - 17:40	Peripheral arterial disease in cancer patients Yolanda Bryce, MD

Endovascular treatment of hemorrhoid

Tatiana Cabrera, MD

18:20 - 18:40

Splenic embolization in treatment of hemolytic anemia

Mathieu Pierotty, MD

Thursday, 29th

Módulo 4

Sudamérica

17:00 - 17:20

Venus radiofrequency ablation

Luis Cruz, MD

17:20 - 17- 40

When and how treat the AV lung malformations?

Eduardo Eyheremendy , MD

17:40 - 18:00

The role of interventional radiology in the management of hepatocarcinoma

Patricio Plavacino, MD

Thursday, 29th

- 18:00 - 18:20 **Lung Biopsy. Tips for Success (LIVE)**
Carlos Enrique Rojas Marín, MD
- 18:20 - 18:40 **Musculoskeletal ablation Techniques**
Eduardo Eyheremendy, MD

Friday, 30th

Módulo 5

- 17:00-17-20 **Visceral aneurysm embolization**
Hector Ferral, MD
- 17:20 - 17:40 **Indications and treatment for
angiomyolipoma embolization**
Constantino Peña, MD
- 17:40 - 18:00 **Embolization and cryoablation of
renal tumors**
Constantino Peña, MD
- 18:00 - 18: 20 **Genicular Artery Embolization for
the Treatment of osteoarthritis**
Tatiana Cabrera, MD
- 18:20 18:40 **Lung Biopsy**
George Behrens, MD
- 18:40 **Closing Remarks**
Jorge Guerrero Ixtlahuac, MD
